2. **Discuss.** Bring this resource guide to your appointment. It will help get the conversation started.
3. **Decide.** Ask the right questions so that you and your dentist can decide if Ultaire® AKP is right for you.

Questions to ask your dentist:

- I'm interested in getting an Ultaire® AKP partial denture. Is it a good option for me?
- I have never had a partial denture before. What do I need to know?
- What is the process to get an Ultaire® AKP RPD?

Your smile, your health

- ✓ Aesthetically pleasing with no metal clasps
- ✓ Comfortable, natural feeling
- ✓ Slight "flex" for easier insertion and removal
- ✓ Lightweight — 60% lighter than metal
- ✓ No metallic taste
- ✓ Stain and odor resistant
- ✓ Non-corrosive, non-toxic and non-irritating

Information to share with your dentist

Ultaire® AKP removable partial dentures

Ultaire® AKP is the polymer you've been waiting for! This innovative aryl ketone polymer (AKP) was formulated to meet critical performance requirements for removable partial dentures. Ultaire® AKP was specifically designed to fill the gap between metal RPDs, which can be too rigid and stiff, and other polymer frame materials that can be too flexible.

QUICK FACTS

- ✓ Minimal fitting sessions and adjustments
- ✓ May improve patient comfort and compliance
- ✓ Bone-like and tooth supported
- ✓ High patient satisfaction
- ✓ Rigid enough to replace metal
- ✓ May minimize bone loss
